### Leonard Edward Jones

I have known the above in a business and personal capacity for 7 years during which time he has conducted himself in a professional and courteous way.

He has always approached his business dealings in a constructive manner and has been instrumental in maintaining improvements both in his own managerial capabilities and those of his colleagues.

It is no surprise that he seeks to enhance his skill base and I can understand his willingness to learn.

On a personal note I am sure his charm, warmth and outgoing personality will be a useful attribute in this new experience he seeks.

I wish him every success.

Yours faithfully,

**Graham Powell** BSc, F.C.I.I.  
Executive Director
